Dear Parent/Carer,

Remote Learning Y2-Y6 Microsoft Teams

If your child has to self-isolate due to COVID-19 we will provide remote learning for them using Microsoft Teams. If the rest of their class are attending school they can access the normal school lessons live using Microsoft Teams, school will provide them with a work pack with the necessary books, workbooks and writing equipment. If you have an issue accessing Microsoft Teams at home please let us know as we may be able to lend you some equipment when self-isolating.

Your child has been given their username and password – teachers will be setting homework tasks (assignments) for your child to complete to familiarise themselves with the platform at home as well as using it within their classroom.

If your child has to self-isolate as their whole bubble is at home we will also use Microsoft Teams. Teachers will provide a daily timetable of activities, which will include some live lessons, where possible. The timetables will be emailed to you if necessary but all this information is on our school website under Remote Learning along with a parent's guide to Microsoft Teams and a guide for how to support home learning at home, including a code of conduct.

If you have any queries about this, please do not hesitate to contact us. We have used it very successfully with a number of children so far this term. The feedback we have had has been very positive and the children haven't missed any learning.

Kind regards,

Caroline Heywood/Jackie Conway
